PACKAGING: 1.0 gal bottle and 2.5 gal bottle

PRODUCT DESCRIPTION

0-0-2 MicroGreene™ Fertilizer is formulated for soil fertility and plant health. The **0-0-2 MicroGreene™** product will stimulate roots and the soil activity necessary to significantly deepen the topsoil layer under the lawn, which will have a profound impact on plant health, soil fertility and water holding capacity.

APPLICATION RECOMMENDATIONS

The **0-0-2 MicroGreene™ Fertilizer** is engineered for two purposes: 1) Micronutrient product to add to a lawn and landscape fertility program when micronutrient deficiencies are present or soil remediation is required; 2) a complete product for turfgrass application during fertilizer “**blackout**” periods where local regulations prohibit the application of Nitrogen and Phosphorous fertilizers.

DIY Directions • Storage & Handling

SHAKE WELL! *The mixed product should be agitated prior to and during application.*

Trees/Shrubs: Apply at a rate of 4-8 ounces per 1,000 sq. ft. Mix with water at a minimum 7:1 dilution. Apply directly to foliage.

Tropicals/Ornamentals: Apply at a rate of 4-8 ounces per 1,000 sq. ft. Mix with water at a minimum 7:1 dilution. Avoid direct contact with flower blooms to prevent staining.

Lawns: Apply with **26-0-0 GreeneCharge™** **18-0-1 GreenePunch™**, or other Nitrogenous fertilizers at a rate of 1-2 gallons per acre for increased micronutrient uptake and soil conditioning.

Lawns (blackout): Apply at 12-16 ounces per 1,000 sq. ft. or 3-5 gallons per acre every 4-8 weeks during blackout period. Minimum dilution 7:1 with water.

Storage: Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions.

Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations.

Caution: This product contains the secondary micronutrient iron. Iron may stain concrete, wood and other pervious and impervious surfaces. **Apply only** to turf, plants, and soil. If plants are flowering, apply to base of the plant to avoid staining of blooms.

Keep out of Reach of Children: If product comes in contact with skin or eyes, flush with water immediately.

Always read and follow label directions.
