PACKAGING: 1.0 gal bottle and 2.5 gal bottle

PRODUCT DESCRIPTION

N-Ext D-Thatch™ Thatch Digester is designed to reduce thatch build up in lawns that do not have the ability to be mechanically adjusted due to cultivar or time of season.

N-Ext D-Thatch™ focuses on composting thatch faster by encouraging microbial activity at the soil surface and increasing heat. This exothermic release by increased soil activity will breakdown thatch from the soil level up. Thatch is quickly reduced and the organic matter is captured as a food source for your turf.

APPLICATION RECOMMENDATIONS

Product is intended to be used as an additive to current fertilizer program.

Apply as needed during warmer months (aids in microbial reproduction) 6-9 ounces per 1,000 sq. ft. as often as every 3 weeks depending on thatch layer thickness. Initial application may yield a green-up flush as nutrients that were held in the thatch are released.

Always read and follow label directions.

DIY Directions • Storage & Handling

SHAKE WELL! *The mixed product should be agitated prior to and during application.*

Tank Mixing: Apply at a minimum rate of 6 ounces per 1,000 sq. ft. and a maximum rate of 9 ounces per 1,000 sq. ft. Dilute with enough liquid to cover 1 acre. Do not apply with less than 7:1 dilution with water.

Product can be applied as often as every three weeks depending on thatch layer thickness.

Product is safe for use on all turf types and ornamental plants.

Mixing with Fertilizers: **N-Ext D-Thatch™** can be mixed with liquid fertilizers. **Apply in this order:** 1) Water, 2) **N-Ext D-Thatch™**, 3) Water Soluble or Liquid Fertilizer.

Mixing with chemicals: **N-Ext D-Thatch™** can be mixed with most lawn chemicals and applied. Conduct a jar test as needed to ensure compatibility before mixing. **We recommend the following:** Use the product within 24 hours of mixing products.

Storage: Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions.

Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations.

Caution: Apply only to turf, plants, and soil. If plants are flowering, apply to base of the plant to avoid staining of blooms. This product may stain concrete, wood and other pervious and impervious surfaces.

Keep out of Reach of Children: If product comes in contact with skin or eyes, flush with water immediately.
