

# DEFOAMER SELECT™

**MAINTENANCE**

**PRINCIPAL FUNCTIONING AGENTS**

Dimethylpolysiloxane ..... 10.00%

**CONSTITUENTS INEFFECTIVE AS AN ADJUVANT** ..... 90.00%

**TOTAL** ..... **100.00%**

All ingredients are exempt from tolerance under 40 CFR 180

**DO NOT FREEZE**  
**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**

Avoid eye and skin contact. Avoid ingestion, breathing vapors or spray mist.  
Wear long-sleeve pants and shirt, shoes and socks, eye protection and impervious gloves.  
Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

<b>FIRST AID</b>	
<b>IF SWALLOWED:</b>	<ul style="list-style-type: none"> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>IF ON SKIN OR CLOTHING:</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> </ul>
<b>IF INHALED:</b>	<ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.</li> </ul>
<b>IF IN EYES:</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.</li> </ul>
<p>Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.</p>	

# DEFOAMER SELECT<sup>™</sup>

**MAINTENANCE**

## GENERAL INFORMATION

**Defoamer Select** is a silicone-based defoaming/antifoaming agent designed for superior control of foam formed in pesticide tanks. **Defoamer Select** provides excellent knockdown if foam has already formed and also prevents the formation of foam if added before the foaming agent.

## DIRECTIONS FOR USE

The general use rate of **Defoamer Select** at 1/2 - 1 oz. per 100 gallons of solution.

Antifoaming: Add water and at least one component. Then add **Defoamer Select** at the use rate above. If foaming appears, add more.

Defoaming: If foam develops, stop agitation and add the recommended dosage of **Defoamer Select**. Continue addition if foam does not disappear. The presence of urea and other pro-foaming components may require a use rate up to 2 oz. per 100 gallons. The performance of **Defoamer Select** is dependent on many factors including tank mix partners, vigorousness and type of mixing, water temperature and other factors. Adjust the amount of product used to provide adequate protection.

## STORAGE AND DISPOSAL

Storage: **Defoamer Select** will become thicker in cold weather and freeze. Freeze and thaw cycles may cause the emulsion to separate. Testing has shown that freezing does not significantly affect performance. Warming and shaking the container will help restore the material to its normal consistency. For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). Do not store near oxidizing agents. Keep in original container.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill or burned, as allowed by law.

## WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

This information is for promotional purposes only. Space considerations may require information to be omitted.

Always refer to the actual package for complete label verbiage. This product may not yet be available or approved for sale or use in your area.
