Tank mixtures

Masking Agent Select™ is a concentrated fragrance containing essential oils from the wintergreen plant, designed to mask objectionable chemical odors. The odors associated with the application of some herbicides, insecticides and fungicides can be offensive and create negative public perceptions. Utilizing **Masking Agent Select™** in the tank mix will mask these odors with a “good” wintergreen fragrance.

PRODUCT BENEFITS

- Reduce the detection of chemical spray operations
- Safe and easy to use with any tank mix
- Does not affect efficacy of active ingredients
- Does not harm turf, ornamentals or other plants
- Especially beneficial when spraying in public areas
