## DIY DIRECTIONS FOR USE

**SHAKE WELL!** *The mixed product should be agitated prior to and during application.*

**Turf Grass, Tees, greens & approaches, lawn, landscape turf and sports turf:** Apply at a rate of 2-5 ounces per 1,000 sq. ft. During periods of active growth or stress, apply every 14 days to 21 days in a minimum of 1.5 gallons of water per 1,000 sq. ft.

**General Landscape and nursery greenhouse plant, application either as foliar or drench:** Dilute at a rate of 1-2 ounces per 3 gallons of water. Apply with good coverage to the point of runoff every 14-21 days for best results.

**Arbor care:** Dilute at a rate of 2-3 ounces per 3 gallons of water. Apply as a soil drench in the fall or during periods of stress.

**Lawns (blackout):** Apply at a rate of 2-5 ounces per 1,000 sq. ft. During periods of active growth or stress, apply every 14 days to 21 days in a minimum of 1.5 gallons of water per 1,000 sq. ft.

## GENERAL INFORMATION

**Precaution:** 0-0-25 *GreeneKick*™ is a highly concentrated material. If applying in combination with other materials, a compatibility test is recommended to avoid potential incompatibilities. Some complex concentrated tank mixes could show phytotoxicity when applied in very low water volumes during periods of high heat and humidity. *GreeneKick*™ remains in the liquid phase on leaf surfaces for a prolonged period of time and demonstrates spray adjuvant properties.

## Potassium Turf Fertilizer

Greene County  
Fertilizer Company

Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn/garden.

**Caution: Apply only to turf, plants, and soil.**  
If plants are flowering, apply to base of the plant to avoid staining of blooms.

1.0 gal = 11.8 lbs at 68°F  
net volume 1.0 gal (3.8 l)

### STORAGE AND DISPOSAL, FIRST AID AND WARRANTY

**KEEP OUT OF REACH OF CHILDREN. CAUTION.** May cause mild eye and skin irritation. Avoid contact with skin, eyes, open cuts, and sores. In case of contact, flush with water. Get medical attention for eyes. This blended liquid fertilizer is derived from 100% potassium phosphite. Eye and skin contact with these products could cause irritation (particularly in sensitive persons), and respiratory irritation could be expected from the unprotected inhalation of fertilizer mists. Product users should avoid prolonged or repeated skin contact by wearing impervious gloves, long sleeve shirt, long pants, socks and rubber boots. Goggles for eye protection are recommended.

Precautionary statements: Wash thoroughly after handling. Wear rubber or chemical-resistant gloves. Wear eye protection. In all cases, call a poison control center or doctor for further treatment advise. IF ON SKIN: Wash with plenty of water. If skin irritation occurs, Get medical attention. Take off contaminated clothing and wash before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. For chemical spills, leaks, fire or exposure, call CHEMTREC: (800) 424-9300. IF INHALED: Move to fresh air and call a doctor for further treatment advise.

**STORAGE AND DISPOSAL:** Store in a safe manner. Store in original labeled container only in a cool place away from direct sunlight. Keep tightly sealed when not in use. Keep separate from food and feed products and out of children and animals. Avoid storage at temperatures of 100F or higher. Corrosive to steel, aluminum, brass. Use with stainless steel or PVC fittings. Product may stain unfinished wood, painted surfaces or concrete. Store product and dispose of unused product and empty containers in accordance with federal, state and local regulations.
