Pro Directions • Handling & Storage

SHAKE WELL! *The mixed product should be agitated prior to and during application.*

Warm Season Turf: Apply at a rate of 16 ounces per 1,000 sq. ft. Mix with water at a minimum 7:1 dilution. Apply directly to foliage.

Cool Season Turf: Apply at a rate of 20 ounces per 1,000 sq. ft. Mix with water at a minimum 7:1 dilution. Apply directly to foliage.

Storage: Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions. Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations. **Caution:** This product contains the secondary micronutrient iron. Iron may stain concrete, wood and other pervious and impervious surfaces. **Apply only to turf and soil. Keep out of Reach of Children:** If product comes in contact with skin or eyes, flush with water immediately.

26-0-0 GreeneCharge™ Enhanced Efficiency Controlled-Release Liquid Nitrogen Plus Micronutrients is an all-purpose workhorse for all turf types. The proprietary controlled release nitrogen formula is coupled with minor elements, iron, sulfur, magnesium, manganese, and copper as well as non-plant food ingredients; humic acid derived from leonardite and cold water kelp.

GreeneCharge™ will fit into any lawn care program and provide a long lasting green color and micronutrient supplement for up to 8 weeks. The combination of nutrients in **GreeneCharge™** will give your turf the results you expect from a high performance fertilizer and color your customers will love. Product is safe to use on all turf types.
