Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfc.org/metals.html>.

Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions. Protect from freezing. Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations. Caution: Apply only to turf and soil. This product may stain concrete, wood and other pervious and impervious surfaces. Keep out of Reach of Children.

Consult your Account Rep. about product. We can blend with many of our other products.

Pro Directions

SHAKE WELL! *The mixed product should be agitated prior to and during application.*

Warm Season Turf: Apply at a rate of 16-24 ounces (do not exceed 20 ounces) per 1,000 sq. ft. Mix with water at a minimum 10:1 dilution. Apply directly to foliage.

Cool Season Turf: Apply at a rate of 16-24 ounces per 1,000 sq. ft. Mix with water at a minimum 10:1 dilution. Apply directly to foliage.

Tank Mixing: Apply at rates in accordance with your turf type's general nitrogen requirements. Dilute with enough liquid to cover 1 acre. Do not apply at less than a 10:1 dilution.

Product is safe for use on all turf types.

Mixing with other N-Ext™ Products / Fertilizers:

28-0-0 N-Charge™ can be tank-mixed with other N-Ext™ products and/or fertilizers. **Add to tank in the following order:** 1) Water, 2) **28-0-0 N-Charge™**, 3) N-Ext™ Product / Water Soluble or Liquid Fertilizer.

Mixing with Pesticide, Herbicide or Fungicide:

28-0-0 N-Charge™ can be mixed with pesticides, herbicides and fungicides and applied.

We recommend the following: Use the product within 24 hours of mixing products (especially with fungicides).

28-0-0 N-Charge™ Enhanced Efficiency Liquid Nitrogen Blend is an all-purpose workhorse for all turf types.
