### DIRECTIONS FOR USE

SHAKE WELL!

Do not apply when daytime temps are above 85 degrees

**TURF:** Can be applied as often as monthly during growing season.

Do not exceed label rate. Apply no more than 1/2 ounce of N-Ext Sea-K™ diluted with a minimum of 1/2 gallon of water per 1,000 sq. ft.

**Backpack/pump sprayer:** Mix 1oz N-Ext Sea-K per 1 gallon of water.

NOTE: Water lawn for 5 minutes after application for best results.

### Hose End Sprayer:

- Set to 2oz if moving slowly through the lawn
- Set to 4oz if moving quickly through the lawn

**PLANTS AND SHRUBS:** Can be applied as often as monthly during growing season. Do not exceed label rate. Mix up to 1 ounce of N-Ext Sea-K™ in 1 gallon of water and apply to foliage and/or soil. Do not over-water.

Product is safe for use on all turf types and ornamental plants.

Product is intended to be used as an additive to current fertilizer program.

**Storage.** Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions. Protect from freezing. **Apply only** to turf, plants, and soil.
