

PRODUCT DESCRIPTION

N-Ext IroN+^m is the green-up formula you've been waiting for. It is formulated for use with low volume ride-on spreader sprayers.

Fast acting and easy to use, **N-Ext IroN+™** will add vibrancy when a deep green is required of when iron deficiencies are present.

N-Ext IroN+™ Chelated Iron is formulated with a lignin based chelation technique that allows for greater absorption and longer green color than EDTA or citric chelated iron.

APPLICATION RECOMMENDATIONS

Product is intended to be used as an additive to current fertilizer program.

Apply at a maximum rate of 9 ounces per 1,000 sq. ft. whenever iron deficiencies are present.

GUARANTEED ANALYSIS

Fertility Forward®

Manufactured and Guaranteed by Greene County Fertilizer Company, Inc. PO Box 1346 • Greensboro, GA 30642

PRO DIRECTIONS

SHAKE WELL! The mixed product should be agitated prior to and during application.

Tank Mixing: Apply at a maximum rate of 9 ounces per 1,000 sq. ft. whenever iron deficiencies are present. Dilute with enough liquid to cover 1 acre. Do not apply with less than a 7:1 dilution with water. Product is safe for use on all turf types and ornamental plants.

Mixing with Fertilizers: N-Ext IroN+™ can be mixed with liquid fertilizers. Apply in this order: 1) Water, 2) N-Ext IroN+™, 3) Water Soluble or Liquid Fertilizer.

Mixing with Pesticide, Herbicide or Fungicide:

N-Ext IroN+™ can be mixed with pesticides, herbicides and fungicides and applied. We recommend the following: Use the product within 24 hours of mixing products (especially with fungicides). Do not over-apply pesticides, herbicides or fungicides as they can have an adverse effect on the populations of soil organisms.

Store in a cool dry place away from direct sunlight. Protect from freezing. Product will store for 2 years under warehouse conditions. Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations. Caution: This product contains the secondary micronutrient iron. Iron may stain concrete, wood and other pervious and impervious surfaces. Apply only to turf, plants, and soil. Keep out of reach of children.

Always read and follow label directions.
