## PRO DIRECTIONS

**SHAKE WELL!** The mixed product should be agitated prior to and during application.

### Warm Season Turf:

Apply at a rate of 16 ounces per 1,000 sq. ft.  
Mix with water at a minimum 7:1 dilution.  
Apply directly to foliage.

### Cool Season Turf:

Apply at a rate of 20 ounces per 1,000 sq. ft.  
Mix with water at a minimum 7:1 dilution.  
Apply directly to foliage.

**Storage:** Store in a cool dry place away from direct sunlight. Protect from freezing. Product will store for 2 years under warehouse conditions. Caution: Apply only to turf, plants, and soil. Keep out of Reach of Children.

Always read and follow label directions.

## PRODUCT DESCRIPTION

18-0-1 GreenePunch™ Lawn Fertilizer is engineered to be a complete product for all varieties of turf-grass. It is formulated to produce a quick green-up response and maintain consistent color for 6-8 weeks. 18-0-1 GreenePunch™ will produce a strong root mass which will grow deeply into the soil. GreenePunch™ will stimulate soil activity necessary for building sustainable fertility.

## APPLICATION RECOMMENDATIONS

For cool season grass varieties, it is the recommended product for every lawn application. For warm season grass varieties, it is the recommended product for applications during the cooler months. 18-0-1 is not recommended for non-irrigated lawns during periods of drought stress.
