

Concentrate

PRODUCT DESCRIPTION

N-Ext D-Thatch™ Thatch Digester is designed to reduce thatch build up in lawns that do not have the ability to be mechanically adjusted due to cultivar or time of season.

N-Ext D-Thatch™ focuses on composting thatch faster by encouraging microbial activity at the soil surface and increasing heat. This exothermic release by increased soil activity will break-down thatch from the soil level up. Thatch is quickly reduced and the organic matter is recycled as a food source for your turf.

0-0-2

GUARANTEED ANALYSIS

Soluble Potash (K₂O).....2.0%
Derived from: Potassium Hydroxide

ALSO CONTAINS NON-PLANT FOOD INGREDIENT(S):

4.0% Humic Acids (Derived from Leonardite)
2.0% Fulvic Acid
1.1% Cane Sugar
2.0% Yeast blends

Purpose Statement:

Adds humic acid to the soil.
May increase micronutrient uptake.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

APPLICATION RECOMMENDATIONS

Apply as needed during warmer months (aids in microbial activity) 6-9 ounces per 1,000 sq. ft. as often as every 3 weeks depending on thatch layer thickness. Initial application may yield a green-up flush as nutrients that were held in the thatch are released.

PRO DIRECTIONS

SHAKE WELL! The mixed product should be agitated prior to and during application.

Tank Mixing: Apply at a minimum rate of 6 ounces per 1,000 sq. ft. and a maximum rate of 9 ounces per 1,000 sq. ft. Dilute with enough liquid to cover 1 acre. Do not apply with less than 7:1 dilution with water. Product can be applied as often as every three weeks depending on thatch layer thickness.

Product is safe for use on all turf types and ornamental plants. Product is intended to be used as an additive to current fertilizer program.

Mixing with Fertilizers: N-Ext D-Thatch™ can be mixed with liquid fertilizers. **Apply in this order:**

1) Water, 2) N-Ext D-Thatch™, 3) Water Soluble or Liquid Fertilizer.

Mixing with Pesticide, Herbicide or Fungicide:

N-Ext D-Thatch™ can be mixed with pesticides, herbicides and fungicides and applied. **We recommend the following:** Use the product within 24 hours of mixing products (especially with fungicides). Do not over-apply pesticides, herbicides or fungicides as they can have an adverse effect on the populations of soil organisms.

STORAGE: Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions. Protect from freezing. Keep out of reach of children. **CAUTION:** Apply only to turf, plants, and soil.

Always read and follow label directions.
